1000 NAVY PENTAGON
WASHINGTON DC 20350-1000

JUN -9 2003

MEMORANDUM FOR DISTRIBUTION

Subj: PROMULGATION OF DOD 5000 DIRECTIVE AND INSTRUCTION

Ref: (a) ASN(RD&A) memorandum of 25 Nov 02

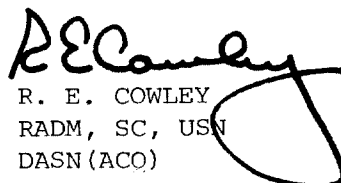

Encl: (1) DoD Directive 5000.1 of 12 May 03
(2) DoD Instruction 5000.2 of 12 May 03
(3) Statutory, Regulatory, and Contract Reporting
Information and Milestone Requirements

Reference (a) distributed DEPSECDEF's interim defense acquisition guidance memorandum of 30 Oct 02 for implementation. This memorandum cancels reference (a) and distributes enclosures (1) and (2) which are effective immediately for new start and ongoing programs. Please note ongoing programs that were started under the pre 23 Oct 00-acquisition model, but have not yet reached Milestone II, are required to convert to the 12 May 03-acquisition model at the start of the System Development and Demonstration phase, Milestone B. Ongoing programs that were started under the pre 23 Oct 00-acquisition model and are between Milestones II and III, are not required to convert to the 12 May 03-acquisition model. Ongoing programs post-Milestone II may proceed to Milestone III where such programs shall comply with the Full-Rate Production Decision Review requirements of enclosure (3) to this memorandum.

Enclosure (3) implements the statutory, regulatory, and contract reporting information and milestone requirements of enclosure (3) to DoD Instruction 5000.2. Specifically, it supersedes the mandatory milestone information listed in SECNAVINST 5000.2B, enclosure (5), paragraph 5.8. SECNAVINST 5000.2B is still effective except where it is superseded by the new DoD 5000 documents and the CJCSI 3170 series instructions.

For further information contact Denis Catalano, Chairperson of the DASN(RD&A)ACQ 5000/Deskbook Working Group, at (202) 781-0486 or catalanode@navsea.navy.mil.
